

"If you're wondering whether your horses would benefit from Jan working with them, the answer is YES! A horse can only do so much when their bodies are stiff or uncomfortable... we never though Rein would be sound again let alone jumping courses, but she's hunting, jumping and able to be ridden hard on a regular basis without pain after the help she received." --T.K.

# A Better Topline The Clinic

9 . 14 . 19, 9 am - 4 pm  
LightHeart Farm, Marshall, VA

Learn how to mobilize, build and strengthen your horse's Topline for improved performance and longevity.

Jan Snodgrass' Topline Development Program teaches you **simple, easy-to-use** techniques of **bodywork, in-hand movements** and **ridden exercises**.

**Look at the difference in this horse's topline in less than two weeks! ▶**

Jan's techniques will change your horse's posture and self carriage. Special feeds and supplements will NOT achieve these results! Jan's 40 years of experience includes advanced level eventing, third level dressage and almost 30 years of experience using the healing benefits of Tellington TTouch training.
